## TRAINING OPPORTUNITY

### Evaluation Planning

Every evaluation effort, large or small, should start with a plan. Evaluation plans clarify desired outcomes and help ensure stakeholders are on the same page. In this course, participants will learn about the importance of good evaluation planning, what to include in an evaluation plan, and how to use a plan after it's been developed.

#### Learning Objectives

- Understand the fundamentals of evaluation planning
- Explore planning components
- Learn about evaluation frameworks/matrices
- Build an evaluation matrix

#### Training Facilitator: Encompass LLC

EnCompass is a women-owned business offering innovative, customized solutions for leadership, capacity strengthening, technical assistance, and monitoring and evaluation. We have experience in more than 70 countries and a team of more than 1,300 staff and consultants around the globe. We partner with government and multilateral agencies, nonprofit organizations, and corporations around the world, offering thought leadership, diversity, and technical expertise in education, gender and inclusive development, global health, human rights, and food security.
